ECZEMA ITCHES AND BURNS

The return of warm weather means a The return of warm weather thans return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eozema; it would break out in small white pustules, mostly on my face and hands discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicated soaps, ontiments and washes, but these applications seemed to make me worse. After taking S. S. a short time I began to improve; the itching idle not medicine, and soon a finite medicine, and soon and the interest of the interest of

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—limmors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble, S. S. S. cures Rezema and all skin diseases by neutralizing the acids and carrying them of through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases. S. S.
